Organised by the Faculty of Civil Engineering and Built Environment, Universiti Tun Hussein Onn Malaysia

THEME

Engineering a better future: Multidisciplinary perspectives on sustainable development

CALL FOR PAPERS

With the theme "Engineering A Better Future: Multidisciplinary Perspectives On Sustainable Development", IConCEES 2023 aims to gather experts from the industry and academia around the world to share new knowledge, good practices, and invaluable experiences for the attainment of a more sustainable Earth through engineering, science and technology.

Authors are cordially invited to submit previously unpublished research papers for presentation at IConCEES 2023.

Please refer to our website for more details.
